Re: United States Patent No. 7,380, 554 B2  
Issued: June 03, 2008  
Inventor(s): Ehling, et al.  
For: Pressure-Conditioning Device

Dear Sirs

In proofreading the above-referenced United States Patent against the patent application text, it was noted that the following error requires correction:

Column 7, line 48, delete "7" and insert - - 10 - -; and,  
Column 7, line 53, insert - - thus - - before "is".

At the present time, this error does not warrant a certificate of correction under 35 USC 254 and this letter is being forwarded in lieu thereof. Since this error is due to an Office mistake, no fee is due pursuant to 37 CFR 1.322. We would, therefore, appreciate and ask that the instant letter be placed in the file wrapper for the above-referenced United States Patent so as to become a permanent paper in the records.

Respectfully submitted,  
MIDDLETON REUTLINGER
